### Joke Of The Month:

One winter morning at breakfast a couple was listening to the radio. They heard the announcer say, "We are going to have 8-10 inches of snow today. You must park your car on the even-numbered side of the street, so the snowplow can get through."  
The wife went out and moved her car.

A week later while they are eating breakfast, the radio announcer said, "We are expecting 10-12 inches of snow today, you will need to move your car to the odd-numbered side of the street so the snowplow can get through." So the wife went out and moved her car again.

The next week, while they were eating breakfast, the radio announcer said, "We are expecting 12-14 inches of snow today and you must park..." Then the power went off! The wife was very upset. With a worried look on her face she said, "Honey, I don't know what to do. Which side of the street am I supposed to park on?"

With the love and understanding in his voice that all men who are married to blondes exhibit, her husband said, "Why don't you just leave it in the garage this time."

### **Photo Of The Month:**

The TV commercial in 1966 said "Meet a man who's going places, a kind of man who owns and drives a big new 66 Plymouth Fury, a man's kind of car." Ha! That's funnier than the joke of the month!! Meet KC's first car. He already has it 4-\$ale. It has a 318 2-barrel engine.

Answer for Quote of the Month: You're right! "Analyze This" starring Robert DeNiro and Billy Crystal.
